

Business Support on Your Doorstep

PREBOOK YOUR MEETINGS TODAY!

EURO MINE EXPO JUNE 8-10 2010

A matchmaking event for your mining business opportunities

Euro Mine Expo 2010 is an international trade fair and conference for the mining industry and its suppliers. The venue is Skellefteå, Sweden - at the heart of Sweden's mining industry.

Enterprise Europe Network offers the opportunity to book business meetings in advance. This is a unique time and cost effective opportunity to meet many new potential business partners. What would be the greatest benefit to you and your business? International business contacts, new innovations or potential customers and partners?

The matchmaking event will be held **June 9, 2010**, as an addition to Euro Mine Expo Trade Fair and Conference.

More information

The matchmaking event is organized and coordinated by the Enterprise Europe Network. Contact us today to register and design your partner search profile.

Find your regional Enterprise Europe Network partner at www.enterprise-europe-network.ec.europa.eu/infol/network_en.htm
