INDUSTRY**

## **Euro Mine Expo 2010**

INTERNATIONAL TRADE FAIR & CONFERENCE

# The obvious convention venue for promoting the mining industry

Sweden, Nolia and Georange welcome you to Euro Mine Expo 2010 – an international mining industry trade fair and conference.

Euro Mine Expo 2010 will give you prime opportunities to make business contacts. You will also find out about the latest developments in technologies, products and services. Discuss business, build networks and participate in seminars on topics important to your business. Be inspired by presentations from industry heavyweights, top notch scientists and high-level experts from stakeholder organizations. Euro Mine Expo has it ALL.

The Expo will be held right in the heart of the mining industry. Many of the most important ore deposits in Sweden are located in the region as well as world class research in mining engineering.

Euro Mine Expo will be held every second year and is set to become Europe's premier mining industry trade fair and conference.

Welcome to Skellefteå!

## PRE-CONVENTION FIELD TRIPS

Euro Mine Expo 2010 offers you a number of field trips within the region's booming mining district.

### Tuesday, June 8

Trips to:

- The Rönnskär Smelter, see one of the world's most efficient smelters.
- The Renström Mine, pay a visit to Sweden's deepest mine.
- Björkdalsgruvan/The Bjorkdal Gold Mine, one of the well-known mines in the region.

### GOLD SPONSORS:

**BOLIDEN**

**FLSMIDTH**

### MEDIAPARTNERS:

**Bergsmannen JKA**

### ORGANIZERS:

**NOLIA™**

Nolia is northern Sweden's largest trade fair and conference organizer, and thus, one of the most important meeting places for business contacts in Sweden. Nolia is in demand also as a project leader and consultant for organizing a variety of national and international events.  
[www.nolia.se](http://www.nolia.se)

Georange is a coordinating non-profit organization with a primary focus in Sweden's ore and mineral resources sector. The organisation's primary task is to expand the concept of national and industry-related development in the mining and minerals industry.
